PROJECTS

My Portfolio

Portfolio Site | Ravi Kishan

I made this website as my portfolio. I used React, Next.js, sass, Tailwind CSS, and Framer Motion for this project. I used Next.js for server-side rendering and SEO. I used Framer Motion for animations. I used Tailwind CSS for styling. I used sass for styling. In this site, I use firebase for contact form. I use vercel for deployment. It is so easy to use. Site is online now on ravikishan.me

International Conference

Official Site | Prestige Institute of Management & Research

I made this website as an official site for an international conference. I used React, Plain CSS, and Tailwind CSS for this project. I use firebase for contact form. I use netlify for deployment. It has so many features like collage details, conference details, and contact form. It is fully responsive. It is so easy to use. Site is online now on <https://statuesque-moxie-abc30a.netlify.app/>

Social App

Collage Project | Prestige Institute of Management & Research

I made this website as a social app. I used React, Next.js, Sass, Tailwind CSS for frontend and Laravel, PostgreSQL and Redis for backend. This project is for collage submission. I made this website with my small team and we got 1st prize in collage.
